SUMMARY

Dynamic Full Stack Developer and cybersecurity enthusiast with a strong foundation in software development and a passion for creating impactful applications. Skilled in Java, Python, and SQL, I have hands-on experience in developing and testing applications through academic projects. I possess a solid understanding of programming logic and system architecture, with a keen interest in ERP systems, red teaming, and penetration testing. Eager to contribute to innovative projects within a collaborative team environment, I leverage my adaptability and commitment to continuous learning to drive success in software development initiatives. My enthusiasm for being part of a culture that values diversity and innovation inspires me to make a meaningful impact in the tech industry.

SKILLS

- Python
- Proficient in Ethical Hacking Tools
- Cybersecurity Threat Assessment
- Ability to work to handle multiple tasks
- Forensics & Analysis: Volatility, FTK, Wireshark, Sysinternals.
- Python Programming Expertise
- Proficient in HTML, CSS, JavaScript,
- Cloud Security
- Operating Systems: Windows, Linux.

CERTIFICATIONS

- CPPA License
- Advanced Hacking 2024
- CyberSecurity 2024
- Deep learning 2024
- Cloud Application Development IBM
- Cloud Infrastructure developer Oracle

PROFESSIONAL ATTAINS

Bull-zi-AI

Research Intern

July 2024 - December 2024

- Conducted risk assessments of existing information systems.
- Analyzed log files for suspicious activities related to cybersecurity events.
- Developed and implemented Adaptive Security Firewall.
- Created Firewall-Z An AI driven Firewall for Advanced threat detection and prediction.

PROMPT INFOTECH

Cybersecurity Intern

August 2024 - August 2024

- Conducted risk assessments of existing information systems.
- Monitored network traffic for malicious or unauthorized activity.
- Identified and addressed security gaps in existing applications and services.
- Tracked reported incidents using ticketing systems for further investigation.

EDUCATION

Adhiparasakthi Engineering College(Affiliated to Anna University) Chengalpattu, Tamilnadu

May 2025

Bachelor of Engineering Computer Science Engineering
CGPA: 8.72 CGPA

Vs Boys Higher Secondary School

Thiruvarur, Tamilnadu

HSC Computer Science

Percentage: 79.9

NSCB Matriculation School

Thiruvarur, Tamilnadu

Percentage: 67.8

PROJECTS

- CyberSecurity Projects,
- Cloud Application Development,
- Web Developement Project,
- Firewall-Z An Ai driven firewall.
- Blockchain Projects

AREA OF INTEREST

- Fullstack Developer
- Cybersecuriy & Ethical Hacking
- Cloud Computing
- Red Teaming
- Python Developer

ACHIEVEMENTS

- SIH 2024 Finalist
- Best performer award in Ethical Hacking
- Runner up certification in Robotics
- Awarded for my assisstant Robot
